

**The City of Prior Lake, Minnesota
announces a Civil Engineering internship
opportunity.**

Description:

Students majoring in the Civil Engineering field with interests in water resources, construction management, municipal public works, geotechnical, and environmental engineering, are invited to apply for an internship with the City of Prior Lake.

A growing community, with four Professional Engineers on staff, the City of Prior Lake is an exciting place to learn skills in the Civil Engineering field while assisting the Engineering Department during the busy summer months. This opportunity will allow the student to learn and practice skills in the following areas:

- Information Systems
- Project Management
- GIS and AutoCAD
- Project Communications
- Water Quality
- Transportation Issues
- Resolving Resident Issues
- Municipal Design & Inspection
- Natural Resources Management
- Asset Management
- Engineering Economics

Applicants must be computer savvy, ambitious, quick thinking, and ready to learn. No previous experience is required. Preference is given to students with a strong interest in civil engineering and an above average GPA. Previous interns have been asked to return in subsequent summers during their college experience.

Compensation:

Hourly Position / \$12 per hour

Time Frame:

Start and end dates are flexible, based on student's academic calendar. We anticipate a start date as early as May and end date as late as September. Work during Christmas, Thanksgiving or Spring break is also possible.
