REQUEST FOR WAIVER OF PLATTING REQUIREMENTS TO ALLOW A CONVEYANCE BY METES AND BOUNDS

Section 1006.104 of the City of Prior Lake Subdivision states that no division of one or more parcels in which the land conveyed is described by metes and bounds shall be recorded if the division is a subdivision. Building permits will be withheld for buildings or tracts that have been subdivided and conveyed by this method without City approval and the City may refuse to take over tracts as streets or roads or to improve, repair or maintain any such tracts.

The provisions of this section do not apply where all the resulting parcels, tracts, lots, or interests will be twenty (20) acres or larger in size and five hundred feet (500') in width for residential uses and least five (5) acres or larger in size for commercial and industrial uses.

An applicant may ask the City Council to waive the platting requirement for metes and bounds conveyances when compliance with the restrictions will create an unnecessary hardship and failure to comply will not interfere with the purpose of the Subdivision Ordinance. The Council may waive the requirements by the adoption of a resolution to that effect and the conveyance may then be filed.

APPLICATION INSTRUCTIONS:

No application will be scheduled for a City Council review until all of the required information is submitted.
