

4646 Dakota St. S.E.
Prior Lake, MN 55372

FOR IMMEDIATE RELEASE

February 11, 2009

Contact: Michael T. Peterson, Communication Coordinator
952-447-9804, mtpeterson@cityofpriorlake.com

Deadline to Join 2030 Vision and Strategic Plan Update Committee is Feb. 20

The 2030 Vision and Strategic Plan defines what the Prior Lake community will become by 2030 and the steps it will take to get there. Prior Lake citizens and business people alike play a critical role in keeping the 2030 Vision and Strategic Plan vital and forward-looking.

That is why the city is seeking participants to serve on the Long Range Planning Committee to update the 2030 Vision and Strategic Plan on Wednesday, March 11, 2009 from about 5:30 to 10 p.m. Dinner will be provided. The deadline to participate is Friday, Feb. 20. To RSVP, contact City Manager Frank Boyles at (952) 447-9801 or Administrative Assistant Charlotte Green at (952) 447-9803.

The 2030 Vision and Strategic Plan has been the pivotal force in turning Prior Lake into the community that its residents and businesses want to call home by identifying the goals they want to achieve and the objectives required to reach those goals. Since the last long-range planning meeting in 2007, the city has accomplished much including construction of Fire Station No. 2, the water treatment facility and the County Rd. 82 sewer interceptor, acquisition of natural park areas using grant funds, improvement of existing parks through partnerships and much more.

Prior Lake is a developing suburb in north central Scott County with a small-town atmosphere and many recreational amenities including numerous parks and lakes that offer year-round recreation. With an estimated population of 22,000, the city is projected to be a fully-developed community of 40,000 by 2030. Prior Lake's 2030 Vision and Strategic Plan is dedicated to providing quality services resulting in a safe, secure community. Prior Lake is a wonderful place to call home.
