

4646 Dakota Street SE  
Prior Lake, MN 55372

## Policy for Yard Sale Signs

The City of Prior Lake does not require sign permits for Yard Sale signs. There are, however, criteria for the location of these signs. These criteria are listed and shown in the picture below.

- Do not place these signs within the street right-of-way. Instead, locate the signs on the building side of the curb, sidewalks, utility poles and electrical boxes. This area is usually private property.
- On corners, you can determine the approximate right-of-way line by measuring 20 feet along the curb line on each street, and drawing an imaginary line connecting these two points to form a triangle. No signs should be located within this triangle. Instead, place the signs on the building side of the imaginary line you have just created.
- Do not attach signs to utility poles or light standards, as these are also considered public property.
- Do not place signs on any publicly owned property, such as parks, wetlands and City buildings.
- Yard Sale signs may be displayed 7 days prior to the sale and must be removed immediately after the end of the yard sale.

Signs located within City, County or State right-of-way, or on other City property, may be removed by City staff. These signs will be stored at the City Public Works building for two weeks. The signs may be retrieved by visiting the Public Works Building at 17073 Adelmann Street during regular business hours of Monday through Friday, 7:00 AM to 3:30 PM. Any unclaimed signs will be discarded after two weeks.

This sign policy has been adopted by the City Council to preserve the appearance of our community. For more information about sign placement, please contact the Planning Department at 952-447-9810.
