PROCEDURE FOR AN APPLICATION FOR A HOME OCCUPATION PERMIT

Overview: A home occupation permit is required whenever a person wishes to conduct a business in or from their home located in a residential zoning district. A home occupation permit may be issued for any business complying with the following conditions:

- a. All material or equipment shall be stored within an enclosed structure.
- b. Operation of the home occupation is not apparent from the public right-of-way or any lake, except for parking of 1 vehicle not to exceed 9,000 pounds gross vehicle weight.
- c. The activity does not involve warehousing, distribution, or retail sales of merchandise produced off the site, except that storage up to 200 cubic feet of products and materials used to carry on the home occupation is permitted.
- d. No person is employed at the residence who does not legally reside in the home except that a licensed Group Family Day Care Facility may have one outside employee.
- e. No light or vibration originating from the business operation is discernible at the property line.
- f. Only equipment, machinery, and materials which are normally found in the home are used in the conduct of the home occupation.
- g. Space within the dwelling devoted to the home occupation does not exceed 400 square feet or 10% of the floor area, whichever is greater.
- h. No portion of the home occupation is permitted within any attached or detached accessory building.
- i. The structure housing the home occupation conforms to the Building Code; and in the case where the home occupation is a day care or if there are any customers or students, the home occupation has received a Certificate of Occupancy.
- j. All home occupations shall be subject to an annual inspection to insure compliance with the above conditions.
- k. All applicable permits from other governmental agencies have been obtained.

Pre-Application Procedure: Prior to submitting an application for a home occupation permit, applicants are encouraged to meet with the Planning Staff to discuss whether or not the proposed business is consistent with the above criteria. If a decision is made to proceed after the advisory meeting or meetings, a formal application is made.

Process: If a proposed business meets all of the above criteria, an application for a home occupation permit can be processed administratively and approved by the staff. Approval of these applications will take approximately 10 business days.
