HOW TO APPLY FOR CONCEPT PLAN REVIEW OF A SUBDIVISION PLAT

The City of Prior Lake encourages all applicants to submit a subdivision concept plan to City staff prior to submittal of a formal application. The purpose of concept plan review is to inform the applicant of the procedural requirements and minimum standards of the Subdivision Ordinance, and the requirements or limitations imposed by other City ordinances, plans and/or policies, prior to the preparation of a preliminary plat. The City Development Review Committee (DRC), which consists of staff from all of the City departments, will review the concept plan and discuss any foreseeable problems or issues with the applicant. These discussions of the concept plan are advisory in nature and are not considered binding in regard to subsequent plat review. The Community Development Department, notably in the case of multi-phased plats, shall have the authority to refer the concept plan to the Planning Commission and/or City Council for review and comment.

The first step in the process is to contact the Community Development Department to obtain an application for concept review, and to schedule a meeting with the DRC. The completed application form, along with the items listed on the attached checklist must be submitted to the Community Development Department a minimum of 10 days prior to the DRC meeting. The applicant will be notified of the date and time of the scheduled DRC meeting.
